On-Site Inspector:	<u>Steve Schoff</u>

Summary of Progress these Two Quarters.

- 1 MPCA answered queries on redevelopment issues surrounding the site
- 2 MDH completed their modelling effort to help the Agencies locate a new Prairie du Chien gradient control well in place of the Methodist Hospital well.
- 3 MPCA staff is working on a water quality database for the Platteville and Drift Aquifers.
- 4 The Agencies are continuing to work on potential revision issues to the Consent Decree
- 5 The MPCA met with the city and their consultant, ENSR, to discuss the outcome of the modelling effort
6. Due to the MPCA reorganization effort, the project team will change The former project team has been transferred to the Brainerd Region. The site is in the Metro Region. For now, a new hydrogeologist, Paul Bulger, will begin to familiarize himself with the ground water issues The site will formally be transferred to the Metro Region after the consent decree issues are worked out, perhaps by next spring
